The heart remembers - the mind forgets

Dr. Dan Booth Cohen has worked with constellations since 2000. He is certified by the German Association for Systemic Constellations (DGfS).

He has published numerous articles and books about the constellations. His book "I Carry Your Heart in My Heart: Family Constellations in Prison." Dr. Cohen wrote his doctorate in psychology in 2008 on Family Constellations.

His long-standing involvement with conflict resolution, especially German-Jewish-Arab relations led him to train with Bert Hellinger, Gunthard Weber, Albrecht Mahr, Hunter Beaumont and others. In recent years, he has led workshops throughout the United States and in Germany, the Netherlands, Sweden, Scotland and Norway.

He will do both Family Constellations and Political Constellations, and explain his unique way of working. He uses intelligence, experience, heart, intuition and humor in his work.
